**Sire:** HITCHCOCK VAN OVERIS has competed at 1.50m level with an amateur. He demonstrates top-level scope, carefulness, and technique and passes on his natural balance, big easy canter, and incredible rideability to his offspring. His sire is the prolific stallion DARCO who, for 5 consecutive years, led the World Breeding Federation of sport horse ranking as the best jumping horse progenitor. He currently has the most offspring that have competed at Grand Prix level. It is a record which no single sire has ever achieved since the ranking was developed in 1995. Moreover, Darco is one of the few sires of the present ranking who previously appeared in the original rankings from 1995. In other words, he has been at the top for more than 15 years. All reason enough to assume that Darco is the best jumping horse progenitor ever in show jumping.

**Dam:** CLIP CLOP is Valleyfield Farm's top producing mare. All of Clip Clop's offspring have sold very well across North America and have gone on to have successful sport careers in both the hunter and jumper rings. She consistently produces beautiful foals with correct conformation, excellent movement, and very easy, willing attitudes making them suitable for riders of all levels and ambitions.

**Notes:** JAM VF is a striking long lined, correct filly. At the age of 2, she has demonstrated her willing, kind disposition and eagerness to please. She will make a wonderful sport partner, and is suitable for anyone looking to develop and bring along a young horse on their own or for the first time. Dam produced a high seller and reserve high seller in the Fall Classic Sale Ellie May and Darling Diana!!
