**Sire:** CONTIFAX had a long, successful show jumping career in Europe at the international level including a World Cup victory. In Europe, he was approved for breeding by the Oldenburg Verband and Westphalia. Contifax is by the famous CONTENDER and out of a dam by RITUAL. CONTENDER became completely convincing as a sire at the 2006 Holsteiner approvals with five approved sons. Ritual comes from the famous 776 mare line, with RAMIRO as Sire of the Century. Upon arrival in North America, Contifax proved his versatility and rideability, quickly taking top honours in the hunter ring. 2015 was a winning season for Contifax as Champion of multiple Canadian Hunter Derby Series events including the \$15,000 RMSJ Hunter Derby. He finished as both Canadian Hunter Derby Series Western Canadian Champion, Canadian National Regular Season Champion, and Jump Alberta's Hunter Horse of the Year.

**Dam:** WASKANA is a beautiful mare with successful extensive show experience at various 'A' circuit shows up to 1.30m. Waskana demonstrates scope, power, athleticism and perfect technique in her jump style. Waskana unfortunately retired from sport due to injury.

**Notes:** Cora is a wonderful hunter/jumper prospect out of a KWPN mare by the stallion Contifax I (Holst) . She has been lightly started under saddle and is ready to continue her training.
