Sire: QUIDAM BLUE is an international Grand Prix jumper (licensed and approved by the German Hanoverian Verband): he is a gem to have in the stable, a beautiful athlete that loves his work and his people. He started his show career winning the Five-Year-Old Western Canadian Young Horse Championship. As a young head-turner. In 2014 he quickly entered the 1.50m level with Olympic. Silver medalist Jill Henselwood. Together their highlights include Top 3 finishes as part of the Canadian Team at the Furusiyya FEI Nations Cup in Bratislava, in the Wild Card Smart Pack Grand Prix at Saugerties New York, winning the SynOil Energy Services CSI** Cup at the Royal West in Calgary; he added numerous placings in the 1.60 m level in the following years.

Dam: BINI- BALOU is an Imported Oldenberg mare who before starting her breeding career had a very successful sport career. Jumping to 1.45m and winning circuit champion in the high amateurs at HITS thermal. Bini is the daughter of Balou du Rouet who is not only by far the most successful son of his famous sire, the Olympic champion and three-time World Cup winner Baloubet du Rouet, but also appears once again among the top 20 of the world's best jumper sires according to the WBFSH ranking. He is also one of the 20 best eventing sires in the world. Balou du Rouet owes this record, now set for three years, to the large number of successful offspring he has produced, led by the individual World Championship and European Championship bronze medallist as well as World Cup eighth-placed show-jumper Bianca/Steve Guerdat/SUI and the European Championship gold and silver medallist and individual ninth-placed eventer Billy the Red/Kristina Cook/GBR. Further guarantors of success are: Saura de Fondcombe/Nadja Peter Steiner/SUI, European Championship team bronze winner, Brilliant du Rouet/Liubov Kochetova/RUS

Notes: NIKITA VF is the next big thing! Her pedigree is flooded with high performance horses. Her father jumped to 1.60m and her mother to 1.45m. She is a stunning typey mare with a winner's heart. Correct in her conformation, elastic movement, quick reflexes, shape and scope through the jump chute. This mare has an exciting sport career ahead of her and her bloodlines would make a great addition to any breeding program.
