**Sire:** TACORDE was a fixture on the GP circuit in Alberta for over 6 years, competing at the 1.45 – 1.60m level. He was on the top ten list for money won in Canada and the top three in Alberta in 2013, this was with being campaigned very lightly in comparison to other horses. Tacorde has proven to pass on his great canter, his huge scope and his love of jumping to his offspring. Both professionals and ambitious amateurs love their Tacorde offspring and often come back to buy or breed another one.

**Dam:** ROSARIO competed at the young horse World Championships in Lancken, Zangersheide at the age of 6. She is a beautiful type with an excellent top-line and huge scope over the fences. Her sire Burggraaf not only competed at the highest level but also has produced numerous international offspring and is also found on the mother-line of countless upper level jumpers. The Burggraaf x Voltaire cross has been an especially good cross of not only upper level jumpers but of exceptional hunters and solid breeding stock. Rosario passes on her beautiful type, her great technique and wonderful temperament to her offspring.

**Notes:** MAESTRO has all the chrome to get you noticed and the athletic ability to win in the hunter/jumper ring. He has been a dream to work with, the perfect amount of sensitivity combined with a kind, sensible demeanor. He is very lightly started under saddle having spent considerable time working him from the ground to establish trust and good work ethic. Maestro will make an absolutely top hunter derby horse, he has huge scope, a slow ground covering canter and absolutely fantastic technique that only gets better the bigger the jumps. He will mature in the 16.2hh range and is a larger bodied horse with big bones. He is full brother to two top amateur ridden horses who excel in both the hunter derby and jumper rings.
