Sire: BAMIRO is by the Legendary Baloubet du Rouet, ridden with great success by Rodrigo Pessoa for years at the international level. Bamiro himself had a notable career as well showing predominantly in the international 1.45m FEI classes around the world. On Bamiro's dams side is both Ramiro and Pilot, so there is no wonder with a pedigree like that, that he both had a successful career and produced many progeny with his level of ability.

Dam: MAYBE DES JOHCHIERES'S pedigree's most notable names are Papillon Rouge and Grand Veneur. Papillon Rouge was the extremely successful son of Jalisco B. He was a solid horse, with a power that he used well and, in addition, he had the temperament of a winner, he was cheeky and mischievous. Indeed, not a horse for amateurs, nor were his sons, but he produced for the highest level of competition. Grand Veneur was a popular sire, and was often France's leading sire based on the performance of his progeny at the national championships in Fontainebleau. Fourteen of his progeny won or placed at Grand Prix level. In all, he produced more than 335 showjumping winners.

Notes: BOND GIRL is a lovely young mare that has every bit of talent that her pedigree would indicate! While she is broke and was jumping small courses, she has been given some time off after a bad experience with a trainer. She could be brought along with a kinder hand but in the mean time we have bred her to Leeto Z. This stallion has passed on beautiful movement, scope and incredible temperaments to all his offspring. On her own this mare is a spectacular prospect and her foal with this pedigree will also be exceptional. This seller will include with purchase transport to Vancouver Area, Edmonton or Calgary
