**Sire:** QUICKSTAR IV CH (Quickstar x Zeus) is a registered Swiss, licensed Swedish and RPSI. Carries a FEI, show experience is limited. A son has competed in the 1.30m and 1.40m. Sired by the infamous Quick Star, who has sired numerous recognized show jumpers, and is currently 67 on the Rolex Stallion rankings for show jumpers. Dam, Heiderose, is by Zeus. Zeus produced 21 licensed stallions, 892 out of 2000 registered sport horse descendants won DM4.5 million while 46 mares were crowned with the State Premium Title. On the WBFSH rankings from 1990 to 2000, Zeus was ranked 6th with 34 representatives.

**Dam:** JUANITA II (Derroche del Juncal x Ru), Sired by Derroche del Juncal, this Colombian warmblood made his way into the warmblood registry through his performance history and his known European ancestry. Many people will recognize Derroche del Juncal as Don Juan, a horse that was seldom beaten. RU, a tall elegant grey mare, sired by RABINO (RAMIRO). RU was destined to the show ring, but had an unfortunate accident prior to showing, hence retiring to the broodmare band, but has been a successful producer of champion foals.

**Notes:** QUINNELL DR (Quickstar iV CH x Juanita II) is an extravagant, playful, energetic, inquisitive foal catches the eyes of all on the sidelines, with his athleticism and his jeux de vive. Emulating his grandsire QUICKSTAR, he should be a contender for the most competitive rings
