**Sire:** LUXOR Z is well known for producing beautiful flashy foals with exceptionally kind, trainable temperaments. He is the descendent of many rock stars in sport horse breeding, including Ramiro Z, Alme Z, and Landgraf I

**Dam:** LUCY Z is by Lucino Z, who is the producer of many great show jumpers, most notably, the Grand Prix horse, Lucas (Canadian Warmblood), who compete at 1.60m, and was named as Canadian team alternate for WEG.

On Lucy Z's dam side we have Margie Goldstein-Engles, Grand Prix stallion Lenz (Land of Kings). This is definately a family of top performance horses!

**Notes:** LUXANNE Z (Luxy) is a beautiful refined lady who is the barn favorite, she is kind, sweet and always wants to please her people. Although Luxy was started late (May 2020) she is quickly catching up to her pee s already a 2nd and 3rd placing at her first show). She is now jumping .90 m at the shows and schooling 1.20m at home. She tries 110% every day, and is a 10 for character. Luxy is very brave and careful at the jumps, has plenty of scope, is agile and light to ride. This mare will be a winner for the Jr/Ami's. She is nice to clip, stands well for the farrier and loads perfectly on the trailer. Don't let her sweet pocket pony temperament fool you, she is going to be a winner in the show ring! By sale time Luxy will have competed at three shows.

Thank you for considering Luxanne Z!
